

Sarah Martinez

Senior Frontend Engineer

Email: sarah.martinez@example.com · Phone: +1-415-555-0142 · San Francisco, CA · LinkedIn: linkedin.com/in/sarahmartinez

PROFESSIONAL SUMMARY

Senior frontend engineer with 8 years of experience building production-grade React and TypeScript applications. Led the UI architecture migration at two Series B startups. Comfortable across the stack: React, Next.js, GraphQL, Node.js, and design systems. Strong opinions on accessibility, performance, and shipping velocity.

WORK EXPERIENCE

Senior Frontend Engineer @ Stripe

San Francisco, CA · July 2020 – Present

- Led migration of internal dashboards from a legacy class-based React app to Next.js + TypeScript, cutting page-load time by 38%.
- Built the design-system primitives used by 11 product teams; owned the accessibility audit program (WCAG 2.1 AA).
- Mentored 4 junior engineers; ran the team's frontend interview loop for 18 months.

Frontend Engineer @ Shopify

Ottawa, ON (Remote) · March 2017 – June 2020

- Shipped the merchant analytics dashboard (React, GraphQL, Apollo); served ~250k MAUs.
- Owned the CSS-in-JS to Tailwind migration; reduced CSS bundle size by 60%.
- Contributed to the Polaris component library (15+ components shipped).

Software Engineer @ Hootsuite

Vancouver, BC · September 2015 – February 2017

- Built internal tools in React and Angular; introduced Jest to the frontend team.

EDUCATION

Bachelor of Science in Computer Science · University of British Columbia · 2011 – 2015
